# ARE YOU READY FOR EASY CHANGEOVERS, A SMALLER FOOTPRINT AT A LOWER COST?

## The IEMCA Ideal 438 Magazine Bar Feeder Is Here!

The IEMCA Division of Bucci Industries USA is pleased to announce the latest addition to their "Ideal" Series of bar feeders.

Developed for Swiss lathes as well as small CNC fixed headstock lathes, this bar feeder is designed for the automatic loading of bars with a diameter capacity of 4mm to 38mm and bar lengths of 5' to 12'. With a very competitive price, this rugged bar feeder is available for fast delivery.
